## STRATEGIC PARTNERSHIPS

*Szymon Bartoszenicz*

PARTICIPATED IN

**Self - Employed,**

A STRATEGIC PARTNERSHIP PROJECT ENTREPRENEURIAL CAMP  
WITH 110 YOUNG PEOPLE

FROM LITHUANIA AND POLAND.

THE CAMP TOOK PLACE FROM 23/08/2015  
TO 29/08/2015 IN KARALAKŠIŠ, LITHUANIA.

## STRATEGIC PARTNERSHIPS

The projects funded under Strategic Partnerships Key Action will focus on sharing, developing and transferring innovative practices between participating countries. Strategic partnerships foster cooperation between organisations in different countries engaged in youth work and non-formal learning for young people. By working together, the organisations involved will develop new approaches to youth work and encourage cooperation over longer periods. Young people benefitting from the projects will learn about social entrepreneurship and be encouraged to take a more active role in their local economy and society.

Project Self - Employed is oriented to young people, especially to school age youth, in order to familiarise them with business and entrepreneurship competences. During the project there has been a methodology prepared which allows all organisations that are interested in enterprise education to increase youth entrepreneurial skills in Marijampole and Suwalki regions.
